Subject: Aerojet-General Corporation Proposal AV-65415 -
W78 Search Set

To: Major Olin McFolin
ASZB
Wright-Patterson AFB, Ohio

1. Aerojet-General Corporation is pleased to submit this cost-plus-fixed-fee proposal AV-65415 for the design, fabrication, and delivery of two flyable prototype W78 Search Sets including environmental tests and documentation. A description of the W78 Search Set and the proposed development program are contained in the Technical Discussion submitted as Inclosure (1).
2. It is estimated that the program proposed for the prototype development including environmental tests and documentation can be completed for \$583,850, which includes fixed fee of \$43,300. A detailed cost breakdown from which this total amount has been derived is submitted as Inclosure (2). Terms are net thirty days, F.O.B. Azusa, California. A budgetary estimate for planning purposes for ten production models is \$1,211,000.
3. A suggested Statement of Work and Delivery Schedule is submitted as Inclosure (3). It should be noted that the cost-plus-fixed-fee portions of this proposal pertain to Items 1, 2, and 3 thereof, and the budgetary estimate to Item 4. Supplemental Proposal Information regarding anticipated use of Government-furnished equipment located at Aerojet under facilities contracts is forwarded as Inclosure (4).
4. This proposal may be considered valid for a period of sixty days, after which time Aerojet requests the opportunity to review same for currency and applicability.

If enclosure No. (1) is withdrawn (or not attached), the classification of the correspondence will be downgraded to Unclassified in accordance with the Industrial Security Manual (attachment to DD Form 441.)
